

Happy April & May!

Spring is finally here, and we love seeing your kids growing and learning! During April and May, the children may learn about flowers, nature, birds, rain, Earth Day, pond life and Mother's Day. Our shape of the month is an octagon, and our color is purple. We will have a Spring Festival and art show soon, celebrate our teachers during April, and celebrate our 4k graduates in May!

Teacher Appreciation Week

Our staff are great! They all teach and love your children like their own. We'll send out information soon, asking you all to help spoil them the week of April 27.

Graduation

Our K4 graduation is Tuesday, May 20. We are starting to work on our program and looking forward to sharing this milestone with your children!

End of Year Celebration

Since it was such a hit last year, we'll have our Second Annual End of Year Celebration as one big party for all students and their families on Friday, May 16, 10am-Noon. There will be lots of fun with inflatables, yard games, and more! We will provide food for all of the kids, and tickets will be available for family members to purchase pizza, or you may bring a picnic lunch. We hope everyone can join us!

Parent/Teacher Conferences

Teachers with children ages 3 and older will continue to hold Parent-Teacher conferences in April. Please look for information from your teacher about sign-ups for conference slots.
